

Oracle: The **Proven Global Leader** in A&D

Strategic Value Proposition

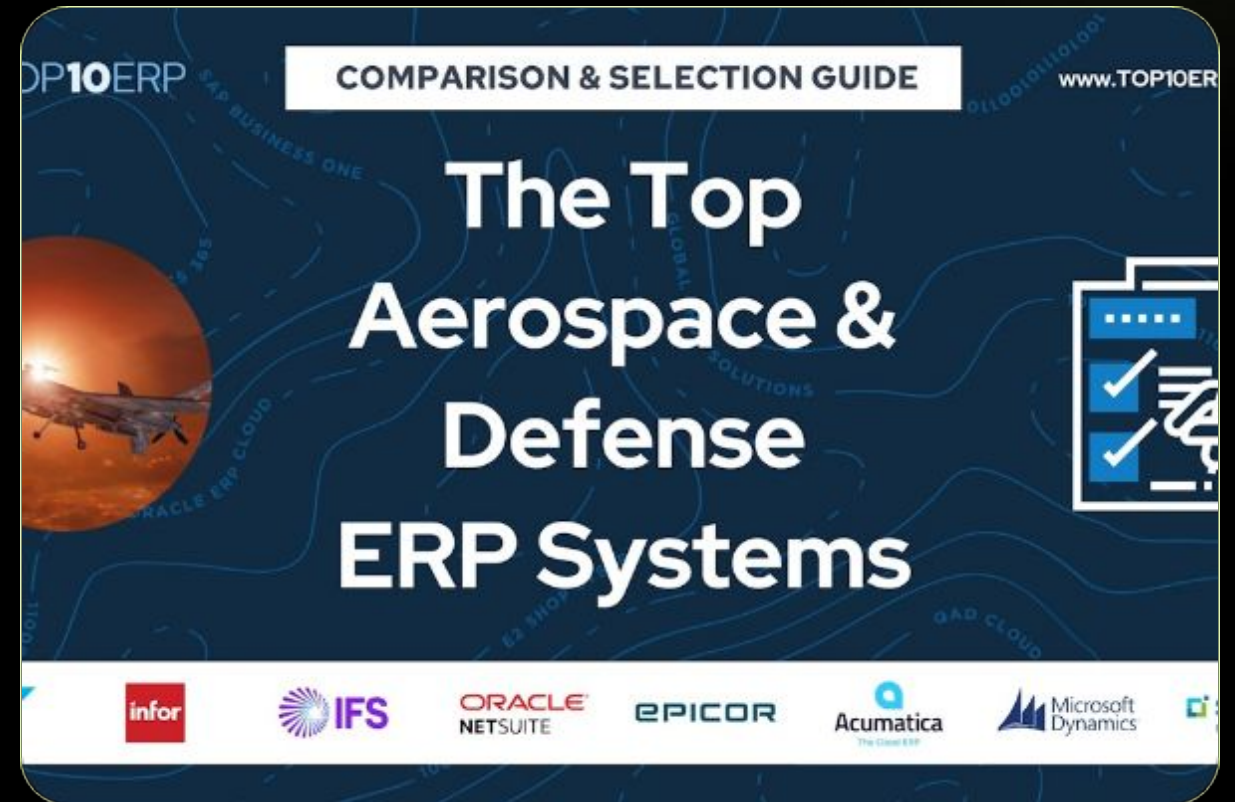

- **Unrivaled Scale:** \$52.5B Annual Revenue with 430,000+ global customers.
- **Industry Expertise:** Trusted by 10/10 of the world's largest Aerospace & Defense firms.
- **Superior Integration:** Unified Cloud ERP, PLM, and SCM data thread — outperforming SAP's fragmented architecture.
- **Future-Proof OCI:** High-performance infrastructure designed for complex engineering simulations.

Aerospace Clients Globally

\$6.5B+

Annual R&D Investment

The Zero-Modification Implementation

We achieve Bombardier's "No Modification" mandate through **Modern Best Practices**. Instead of custom code, we align Bombardier to Oracle's pre-configured Aerospace standard workflows, ensuring 100% upgradeability.

Strategic Goal: Shift from "Modify Software to Fit Old Workflows" to "Adopt Leading Industry Workflows" to reduce long-term TCO by 40%.

Governance & Investment Structure

Project Team Structure

- **Steering Committee:** C-Suite oversight for strategic alignment.
- **PMO Office:** Risk mitigation & roadmap adherence.
- **Functional Stream Leads:** Domain experts in SCM & Finance.
- **Data & Integration Squad:** Ensuring legacy data integrity.
- **Change Management:** Training & user adoption experts.
